Air Fences - more, more, more!!

Last month we gave the nod to Air Fence safety systems to supply a 3rd container of Air Fence barriers. This is hoped to extend our Air Fence coverage to the apex of all 6 corners of our circuit, and is another huge leap forward in rider safety. We would like to acknowledge Andy at Air Fence Australia and Flea from the Cemetery circuit for all the work co-ordinating this and we hope to have them assembled and ready to go for race day.

Class review

As always, we review the classes to best reflect trends and rider interest. This is very hard to do as entry numbers in some classes can vary so much from year to year. Often, we add or drop a class based on numbers to find that 12 months later the landscape has changed again. This year we intend doing the following with all post classic classes scored separately.

Jordan Lesley

- BEARS
- Formula 1
- Formula 2
- Formula 3
- Formula 4 (Bucket)
- Supermoto (motard)
- Classic Pre 63,72,82 - run together but scored separately
- Classic Pre 89,95 - run together but scored separately

*Please note - We reserve the right to amend the period groups above, based on entry numbers and our supplementary rules may exclude lower capacity machines in some of these classes. More information will be posted at the time of entry release in August.

Supermotard (Supermoto)

- Dirt section

For 7 years we were lucky enough to use the undeveloped land along Leonard Street for our dirt section. Unfortunately, the landowner has now removed our material to redevelop the land and has indicated that it is unavailable to us this year. It may be possible that in the future we can make use of land beyond the development, but until we know for sure we will run Supermoto on the sealed track only for 2024. We still plan on running 4 races and will look at extending the number of laps.

DO YOU WANT TO ADVERTISE?

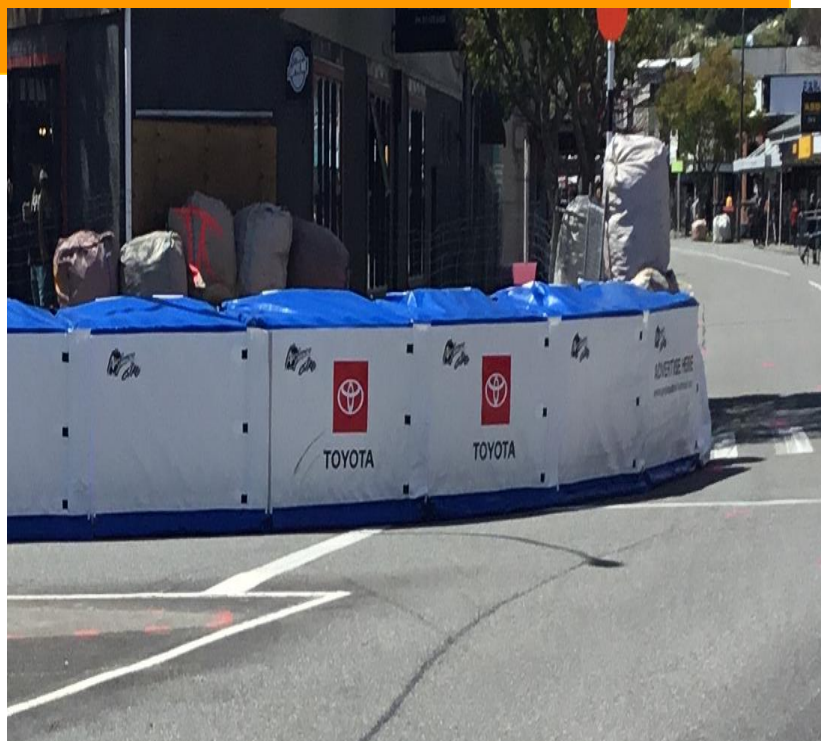

With more air fences comes more blank space – if you or anyone you know is interested in advertising on our Air fences then contact Kelly [021 296 4871](tel:0212964871)

Greymouth i-site - Sponsorship and marketing

We have recently renewed our contract with the Greymouth i-site. We would like to especially thank Gina Ashworth for all her work leading this over last few years, and wish her well in her new endeavors.

We would like to welcome Kelly Ashworth who will work alongside Phillip Barnett and his team, to ensure our sponsors and advertisers are looked after.
